The current player should put down a card of the same suits or value to the card on top of the discard pile. If the current player does not have a card that has the card similar to the one that is being played, the player must pick up a card from the face-down pile.

Additionally, if a player puts down a King, the next person will be skipped. If a player places an ace, the rotation of the game will reverse and continue in the opposite direction. When a player plays a 2, the next player in line will have to draw a card from the draw pile and will be able to continue to their play. The objective is to get rid of all the cards in your hand, the first player to get rid of all their cards is the winner.

The theme of this game will be Disney. Characters used will be Donald Duck as Jack, Minnie Mouse as Queen, Scar as King, and Goofy as ace.
